OP Briefing April 3 draft.pptx

Hi Rick,

Here are the revised slides. Billy and I reviewed the comments this morning and made several changes and/or added talking points.

A couple of items to point out...

Slide 6 – added talking points for steady state but didn't change the slide

Slide 18 – modified the title of the slide. We think the order of the slides works but let us know if you disagree.

If you want additional changes, I'll make them Tuesday morning.

Thanks,

Nicole

Sorry. I forgot the attachment. Most of these are wordsmithing, but some suggested reorganization ideas, as well.

Thanks Nicole. A few questions/comments for the team's consideration. We'll need to get this to Wendy's office by noon on the 5th, but I'll be off-site in COOP training for most of the day on the 5th and I won't have email access while I'm there. Would it be possible to have the revised slide deck by COB on Tuesday, April 4th?

Importance: High

Hi Rick

I've revised the OP briefing slides based on the comments received during the March 22nd briefing. The most significant changes are on slide 27 (OP bins) and slide 32 (recommendations). Please let me know if you have any comments.

We have until the middle of next week to get the slides to Wendy.

Thanks,

Nicole
